#### Making Lime Fertilizer,

The big new \$250,000 plant of the Veront Marble company located in Whipple Hollow about a mile and a half north of the Delaware & Hudson depot at West Rutland is nearly ready for operation The great building, 400 feet long and 90 feet in width, was started last April and during the summer about 160 men were engaged in its construction, while at resent there are only about 30 laborers inishing the details of the plant.

Nearly all the refuse marble is to be sed by the corporation in making a lime fertilizer, and when the kiln is in operation 200 tons of stone will be converted each day into 100 tons of lime.

The plant will be run with day and night shifts and about 35 men will look after it during the daytime, while 25 The conduit system and lighting of the

plant is alone a big proposition. will be in operation.

#### RESISTANCE TO DISEASE

Debility is a loss of vitality, not affecting any one part of the body particularly but the system generally. is dangerous because it reduces the body's resistance to disease.

When debility follows acute diseases, convalescence is slow and the strength does not return as it should. tack of the grip often results in debility that persists for months. Everybody recognizes that the remedy for debility is to build up the blood because the blood goes to every part of the body and an improvement in its condition is quickly felt throughout the system. The problem in every case is to find something that will enrich the blood.

Dr. Williams' Pink Pills suit most people's need because they are non-aloholic and they really build up the blood and strengthen the nerves. Williams' Pink Pills are useful for growing children and for men and women whose nervous energy has been overdrawn. Try them whenever your blood

Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Writetoday for the blood and nerves. Write today for free booklets on

#### ORANGE COUNTY FARMERS' ASS'N NOTES

The past week has been spent in returning farm survey records and retaking from those who wish to continue the work. Last year records were taken treasurer, G. P. Lamson; suditor, John from everyone obtainable in the survey Lamson. The committees are appointed area around Randolph. This year reby the president and will be announced ords are being retaken from those farm-ers who feel that there is some benefit coming from it and wish to repeat the A family by the name of Vaughan record. The purpose of these farm sur vey areas of which there are six in the Miss Helen Davis is at the sanatorium the strong and weak factors on the in-for surgical treatment and is thought to dividual farm. The majority of those the keeping of accounts and picking out whose records have been returned have relieved of all these pains by its use. Mrs. Clinton Blanchard, the mother of wished to continue the survey and many All mothers should know of this remedy,

of records of other farmers in the county

There has been some criticism of these records as not being accurate since so does not seem to rally. His daughter, dividual records, but considering them last week to visit her daughter, Mrs. at least ten farms in a group and some Nouglas Barclay, for a few days.
